

SA SELECTORIZED SERIES
SA017 - MULTI HIP

PRODUCT OVERVIEW

The professional-grade solution for hip training. Built with Q235A high-frequency cold-rolled steel for ultimate stability and durability. The ingeniously designed 6-position adjustable leg foam roller and extended handles precisely accommodate users of all body types. Whether tall or petite, users can perform diverse hip training movements - the possibilities are limited only by imagination.

SPECIFICATIONS & KEY FEATURES

Specifications

Dimension:	1165*1212*1566mm
Total Weight:	251kg
Weight Stack:	100kg
Max Weight Stack:	125kg

Product Features

Robust and Durable, Value-Optimized Choice

The main frame utilizes Q235A high-frequency cold-rolled steel, with 40*140mm square tubing and 50*100mm oval tubing working in harmony to ensure machine durability. Surface finishing employs electrostatic powder coating, passing over 800 hours of salt spray and impact testing. The finish is brilliantly aesthetic while the machine remains incredibly durable.

Stainless Steel Textured Footplate, Stability Guaranteed

The footplate features textured stainless steel construction, providing abundant friction for optimal body stability during training. This ensures maximum force transfer efficiency and optimal target muscle engagement.

Adjustable Leg Foam Roller, Universal Fit

The meticulously designed 6-position adjustable leg foam roller and extended handle system precisely accommodate users of all body types. Whether tall or petite, users can perform diverse hip training movements - the possibilities are limited only by imagination.

Precision Weight Stack Engineering, Professional Training Assurance

Utilizing a high-density cast iron weight stack system with specialized black textured powder coating for premium feel. Special protective coating ensures wear and corrosion resistance, providing lasting durability for professional training. The weight distribution is precisely calibrated, with maximum weight reaching 125kg, allowing you to easily find that "perfect training weight" without compromising.
