

SELECTORIZED STRENGTH EQUIPMENT

AE Series

A High-Efficiency Strength Solution for the Future of Commercial Fitness

The Insight AE Selectorized Series is engineered for the next decade of commercial fitness facilities, setting a new benchmark for space efficiency and operational intelligence.

With a full lineup of 30 meticulously designed machines, the AE Series optimizes gym floor layouts through strategically positioned weight stacks and back-to-back configurations. This approach significantly reduces wasted space, creates more uniform footprints across products, and enables maximum utilization of every square meter.

Beyond efficiency, the AE Series reflects a relentless pursuit of refinement. Every detail—from ergonomics and motion paths to durability and finish—has been carefully considered, establishing a new standard for commercial selectorized strength equipment built for long-term performance and scalability.
